PRIVATE PARTY TRANSFERS

- We do Private Party Transfers for a single firearm from 10AM - 4PM, Tuesday - Friday. We will not start a PPT transaction if it cannot be completed by 4PM, so you should plan to arrive as early as possible to complete the transaction. Any transfer of more than 1 firearm, including transfers to & from multiple people and a single seller or buyer, require individual appointments. In order to schedule an appointment for a PPT we must receive an email (rivercity95822@gmail.com) with copies or pictures of all of the necessary documents. Once these are received we will contact you to schedule an appointment. Both parties must arrive at the scheduled time. Please note that due to the high demand for appointments and limited space, transfer appointments are recommended to be scheduled at least 2 weeks in advance.
- Both parties must have a valid CA driver's license or identification card. If in the top, right hand corner it states Federal Limits Apply, you must also bring a US Passport or Certified Birth Certificate. If you were not born in the US, you can bring a Permanent Resident Card or your naturalization paperwork.
- The buyer must have a Firearm Safety Card or exemption as well as a valid proof of residency if required (Ex. Valid Vehicle Registration).
- PPT's must be paid for in full with **Cash only**. The charge for conducting a PPT of a single firearm is \$47.19 (\$37.19 DROS+\$10 labor fee).
- A CA legal magazine and a CA Approved Lock is required in order to process your PPT. If you do not have these items, we can sell them to you in store, if available.
- For walk-in transfers, you will typically need to pull a number located near the entrance. You will need to give the firearm to an employee when you enter the store so they can clear the firearm and place it behind the counter until it is your turn to be assisted. When your number is called an employee will check all of your documents and firearm compliance. Then you will sign in on the PPT list until it is your turn.
- We conduct Private Party Transfers one at a time, and only start the process if all of the needed documents are present and correct and when there are no more non-transfer customers needing assistance.

FFL TRANSFERS

Please review all of the documents we need from you and the FFL shipping the firearm before sending the firearm to us. Missing documents costs time and money to correct and there are separate fees associated with missing or incorrect information, so please be mindful of what is required. *Note that the information provided in this section does not apply for Assault Weapon Transfers for L.E.*

- For us to receive an FFL transfer, you are required to come to the store and provide the information for the transaction and pay the associated fees prior to sending the firearm to us. This allows us to confirm the firearm is compliant and collect your information to expedite the process. Any FFL transfers failing to notify us in advance will be subject to a \$50.00 fee. This will delay the transaction.
- We require an invoice showing that sales tax and FET has been paid. If no invoice is provided or sales tax and FET have not been paid, we are required to collect the appropriate amount as well as a \$50 penalty fee. This will delay the transaction.
- We must receive a copy of the FFL and a copy of the CFLC Letter with an AI number with the shipment. Failure for either to be provided will result in a \$50.00 penalty fee. This will delay the transaction.
- We will notify you when the firearm is received, logged and ready to be processed. Please do not repeatedly call asking if your firearm is ready as this will delay the transaction.
- The fee to receive an FFL transfer for a single firearm is \$150.00 and, along with any penalty or credit card fees, is subject to sales tax and the 11% FET. Any other firearms or accessories may be subject to additional fees.
- The DROS / background check fee is \$37.19.
- There is a 5% credit card fee. Cash has no additional fee.
- We will store the firearm for 14 days from the day we notify you of its arrival at no charge. For each day past the 14 day period, a \$5 per day storage fee will be assessed.
- If you either fail to complete the transaction within 6 months or not pay the associated fees, the firearm will be considered abandoned and sold to recover our costs.
- If you decide you do not want to complete the transaction through us after we have received the firearm, you are responsible for all receiving, logging, storage and shipping fees associated with the transfer. The cost of returning a firearm is determined on a case basis, with many factors such as paperwork and shipping affecting the price.
- If the firearm or any accessories accompanying the firearm are not legal or able to be transferred to you, you are responsible for any fees associated with returning the items to the original FFL. Failure to pay these fees will result in us retaining these items to

cover any associated costs of the transaction.

- You are required to have all of the necessary documents to complete a firearm transaction. If you are unsure of what is required, please review our store guidelines page to confirm that your documents are correct and valid.
- We are not responsible for items that were damaged during shipping or misrepresented by the original seller.

By sending us a firearm you agree to these terms.
